

Tucson Wildlife Center is **NOW HIRING** for a Full-time DVM

Tucson Wildlife Center is hiring a Doctor of Veterinary Medicine (DVM) to join their hard-working rehabilitation team full-time. The DVM will be required to maintain an active license in the state of Arizona in good standing or can apply for an Arizona license, and DEA registration. A minimum of two years' experience as a practicing wildlife DVM is preferred.

Qualifications:

- Active license for AZ or can apply.
- DEA registration.
- Knowledgeable of the wildlife care arena.
- Competency in assessing, diagnosing, treatment, surgery and prescribing medications.
- Developing and directing treatment and nutritional protocols for wild animals is required.
- Competency in mentoring veterinary interns, volunteers and staff, with the ability to place an emphasis on rescue, rehabilitation and release.

Email resume to hr@tucsonwildlife.com

Tucson Wildlife Center is a 501(c)3 nonprofit organization dedicated to the rescue, emergency medical care, rehabilitation and release of sick, injured and orphaned wildlife while promoting habitat protection and coexistence with wildlife through education.
