

Tucson Wildlife Center

Rescue | Rehab | Release

Located in Tucson, Arizona, the Tucson Wildlife Center has been on the front lines rescuing sick, injured and orphaned wildlife for more than 25 years.

As the only wildlife rescue in southern Arizona, we offer a state-of-the-art hospital including x-ray capabilities, an operating bay and spacious exam areas. Our employee and volunteer staff provide rescue and release services, veterinary care and rehabilitation expertise free of charge to the public.

We are nonprofit and rely on the generous Tucson community for funding. No government funding is received.

If you are interested in a career or learning more about the **Tucson Wildlife Center**, visit us on the web or contact our human resources department.
